BAYSWOOD CARE GROUP
excellence in care

Welcome

To Dane View Care Home and Day Services

Home Facilities

This newly refurbished home has been designed to provide you with everything you need to relax and feel supported. We have modern facilities including WiFi, assisted baths, ensuite showers, recliner chairs and call systems just in case you need a hand. The home has its very own hair salon for that trim, cut or set. We are also able to offer this facility out to your own hairdresser as well. Our cinema is connected to over 10,000 films & musicals and is constantly updated. So, take a seat, ready the popcorn and enjoy the show! If you fancy something quieter, we have our own library for you to grab a new story and get lost in its twists and turns. Having a library onsite also means never having a late notice or the need to travel to find a new adventure. The care home is situated on a lush landscaped garden which has been designed with you in mind. You can relax, whiling away the hours listening to bird songs and our water feature, this is a truly tranquil setting. Beyond the landscaped garden is our orchard, consisting of beautiful apple and plum trees.

Nursing & Residential

We offer spacious modern bedrooms with ensuite shower facilities. The home has WiFi throughout and filled with technology to make your stay comfortable and enjoyable. We have a stunning lounge and dining room with floor to ceiling glass panels to make most of the views over the landscaped gardens and orchard. We are able to support people who are 65yrs and over who require either residential or nursing support. We can also support people who have complex care needs and who are at the end stages of their lives. We are also able to support people who suffer from dementia with nursing requirements.

ABI

At Dane View Care Home, we have a bespoke 10 bedded unit specially designed for people who have suffered an acquired brain injury. This unit is self-contained with its own dining room, lounge and kitchenette providing a cosy family feel. The spacious bedrooms allow for all the specialist equipment needed to support your loved one.

Day Care

The home has a day care facility which is full of character and history, featuring stain glass windows and lovely high ceilings. We offer people a chance to socialise, be entertained and dine throughout the day. Our day care also has a fully serviced coffee and tea bar and bathing facilities.

Respite & Short Stays

We offer both respite and short stays. This flexibility allows people to pop in over the weekend, stay with us for a week or two and trial us before making a decision. Before your stay, you have the chance to tour the home and discover our facilities. A member of staff will come and visit you at your home or your preferred place to find out how best to support you. You can just give us a call when your ready or book in advance to secure your place.

Nursing & Residential Care

The Dane View Care Home with Nursing has beautiful nursing and residential facilities. All the single bedrooms have an en suite wet room. There is also a very spacious double room for partners to still live together. Each room is furnished with modern facilities including WiFi, an integrated network for televisions and call assistance technology just in case you need a helping hand. Each bedroom is also furnished with an electric assisted bed. This allows you to decide the height of your bed providing everyday ease. The bed also allows you to raise your feet or sit you up for ultimate comfort.

The nursing and residential care facilities also include the library, where you can find a whole range of books to enjoy. The cinema room where you can spend time reliving the classic films or enjoy the latest releases. The facilities also offer direct access to the garden. This 1.5 acre garden has been beautifully landscaped to allow ease of access and a sense of adventure. The blooming orchard of thirty apple and plums trees provide a bounty of fruit every summer.

We are able to provide a wide range of care and support for the people who live here. Below are some of the examples of the care we are able to provide, however if you have any queries, please just let us know.

Residential care

This can range from minimal support and guidance to assistance with wheelchairs and mobility aids. Support with personal care is always available from our caring staff.

Nursing care

We provide nursing support for people with a range of complex care needs, from those who require daily support to those who require hourly care.

Day Services

Dane View Care Home with Nursing has a stunning day services which runs Monday to Friday every week. The service is set in a historic part of the home with beautiful stained glass windows, large open spaces and a modern interior. The day service offers people the chance to meet with others, form new friendships, try new activities and rekindle old ones. With dedicated carers, we are able to provide showering facilities as well as hairdressing.

The day service also includes a choice of lunch as well as tea, coffee and snacks throughout the day. Although the day care service is set in one part of the care home, people are able to freely use the cinema, library and landscaped garden.

The day service is open from 09:00 to 17:00, however these hours are flexible. If you require flexibility on these hours, please contact us on 0116 254 4000. The day services has a whole range of activities and events running every day. We also host a carers support group for family members who are currently caring for their loved ones.
